NOTE

Dated.....1st April.....1936.

1
Mr. H.V. Ramaswami told me the other day that he was forwarding a note to Government pointing out the advantage of concentrating propaganda work in respect of agriculture, minor industries, etc., as well as village improvement work in certain selected villages. If this note has not been received, it may be called for and dealt with quickly

Development Secretary,
with compliments.

Forwards in original the Bangalore
D. C's letter no C-3379/35-36 dated
19th March 1936 and its enclosure
issuing instructions to the T. D's and
Amildars in regard to the action to
be taken by them for ensuring progress
in the work of village improvement
in the districts.

Submitted for perusal and orders.
The D.C. seems to seek order
of Govt for securing the co-operation
of the Development Dept of Govt to
achieve anticipated results in selected
villages, in accordance with the programme
outlined by him. It is for order if copies
of the circular may be sent to the ^{Depts} for
with necessary instructions on the subject.

The Development Branch may perhaps

No. 6679

9 There is need for greater
concentration in respect of the work
of village Panchayats and the propagation
of the several development depts.
If the two are co-ordinated as far as
possible, we may look for more tangible
results in at least a few selected
centres. In all the schemes of rural
uplift recently adopted in British
India, the central idea is to
provide for an all-round effort
at village improvement in selected
places. The Royal Commission on
Agriculture has commenced this work.

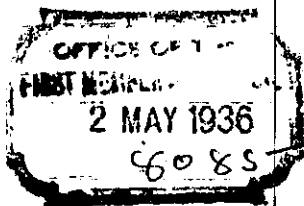

The proposals contained in the
Draft G.O. should enable us to
obtain some concentration of effort.

They have been discussed with the R.
and the Secy of Agriculture

M. Venkatanaranappa, Esq., B.A.,
Secretary to Government,
Development Department, Bangalore.
(Through the Revenue Commissioner in Mysore.)

SIR,

Subject:—

I have the honour to forward herewith for the information of Government copy of a circular issued by me to the Sub Division Officers and Amildars in the District in the matter of ensuring progress in the work of village improvement in the District. The work will be much more rapid and tangible results will also soon be evident if all the Development Departments of Government are also directed to co-operate, in the manner mentioned in the note, with the Revenue Department in the work to be taken up in the selected villages and be made responsible for their portion of the work. In this way, the work will be concentrated in select foci by all the Departments of Government and the results cannot but be satisfactory and far-reaching in their influence on the other villages also.

I have the honor to be,
Sir,
Your most obedient servant,

(Signature)
Deputy Commissioner,
Bangalore District.

Office of the Deputy Commissioner,
Bangalore District.
Dated, Bangalore 19th March 1936.

CIRCULAR.

With a view to ensure rapid progress in Village Improvement work in some villages atleast in each Taluk so that these may serve as object lessons to others in whom a spirit of emulation will then be aroused, it is necessary to make a selection, to start with, of about a dozen villages in each Taluk and begin work there according to a pre-arranged programme. Fairly large villages should be selected admitting of easy approach from the Head Quarter of the Taluk and with a decent annual panchayet revenue. The work to be done can be considered under three heads

1. Funds
2. A definite programme
3. Agency.

Funds:--

(1) The arrears should all be collected. For this purpose, the Amildar should take action under Section 40 (2) Village Panchayet Regulation, or under the Rules framed in Government Order No.L.2888/V.P.21-34-19 dated 21/23rd October 1935. The former course is preferable as involving no extra expenditure out of Panchayet Funds.

(2) Optional Taxes under Section 37 Village Panchayet Regulation, if need be, should be considered. Assessment Lists revised according to rules &c., and Monday labour (communal) enforced.

(3) Private benefactions should be welcomed.

(4) Loans may be raised under the rules framed in Government Order No.L.5770/V.P.60-31-5 dated 2/3rd March 1933 and

(5) Contributions from Rural Reconstruction Grants will ordinarily be made only to these selected villages.

Programme:--

In framing programmes, Appendix 'A' may be consulted and a programme of improvement extending over a period of from 3 to 5 years may be framed so as to embrace as many of the items noted as possible. The village may also be got surveyed and a map prepared through the Sanitary Department.

Agency:--

The Sub-Overseer in the Taluk for village panchayet works (to be entertained immediately if not already done) should be put in direct charge of all the works taken up in these villages. The Amildar and Sub Division Officer should visit these villages as often as possible. The co-operation of the various Departments of Government will be invoked as soon as the schemes of work for each Taluk are submitted by the Amildars concerned, the idea being, after obtaining approval of Government, to request each Department to frame its own programme for each village selected and have it worked out through its own Departmental Officers stationed at the Taluk or District Head Quarters with the help and in consultation, of course, of the Revenue Department. The object of the movement lies in the words of His Excellency the Governor of the United Provinces "in co-ordinating and making readily available to villagers the work of different Departments - particularly Agriculture, Public Health and Education. The method is to get villagers to do things for themselves with a clear realisation of the advantages of the new activities and ideals. It is necessary to gain the confidence of the villagers and create, if possible, a corporate spirit of enterprise and co-operation."

(2)

Some amount of study of local conditions in the village is ~~ess~~ essential before the work referred to under the last heading in Appendix 'A' is tackled. Useful Data may be compiled and suggestions for improvement offered as regards each selected village by officers of the Co-operative and Industries & Commerce Departments and Research students in Economics of the University.

The value of the scouting movement in this scheme of improvement must not be overlooked and scout troops must be started in each selected village with the aid of the village officers and others who were trained for this work at the scouting camps at Doddballapur and Archakarahally and elsewhere. Another Training Camp is proposed to be held in the Bangalore Division shortly. I may here quote the words of the Dewan when he performed the Opening Ceremony of the Mysore Boy Scouts Head Quarters Building at Bangalore:--

"Physical labour is here undertaken in the direction of road-making, agriculture, allotments, etc. Social education is carried on at the same time through conferences, discussions and camp-fire meetings. Coupled with these, friendship gatherings with local inhabitants are encouraged with a view to widening outlook and mutual good-will. Why shouldn't the Scout Movement in Mysore try and do similar work?"

It will be evident that it is of the greatest importance to create an active motive force to work in the villages themselves in sympathy with this programme of Village Uplift. Otherwise, the forces will all be at work from without and with no responsive echo from within and the improvement work will not be based on sure foundations. It is therefore most necessary to depute one or two persons from each selected village to undergo training at the Rural Reconstruction Centre at Doddballapur with the aid of suitable scholarships from each Panchayet. These persons will then come back to the villages eager to put into practice the lessons ~~which~~ which they have learnt at the Centre and will also explain to the villagers the various measures undertaken or to be undertaken for their improvement by Government Departments and will enlist their sympathy. The details for starting another Centre to train village officers and students in Rural Reconstruction work are being worked out. It is proposed to entrust the work of training to the various Departmental Officers and to make the Centre work in close association with the Rural Health Unit to be started soon at Closepet.

It may be mentioned that an attempt is already being made to put these ideas into practice in the Bangalore Taluk where seven villages have been selected. Similar carefully worked out schemes should be submitted by the Amildars of the other taluks before the end of next ~~the~~ month through the Sub Division officers.

Dated.....2nd April 1936.

D. O. C2(a)3379/35-36. Enc. 3.

Dear Mr. Venkatanaranappa,

I was asked by the II Member yesterday to also send direct to you copy of a reference made by me to Government through the Revenue Commissioner regarding concentration of the work of the various Departments of Government in the matter of Village Improvement in select areas. I enclose herewith the same.

Yours sincerely,

M. VENKATANARANAPPA, ESQ., B.A.,

Secretary to the Government of Mysore,

Development Department, B a n g a l o r e.

Copy of ~~xxx~~ letter No.C2(a)3379/35-36 dated 23rd March 1936 from the Deputy Commissioner, Bangalore District, to the Development Secretary to Government through the Revenue Commissioner in Mysore, Bangalore.

--:oOo:--

I have the honour to forward herewith for the information of Government copy of a circular issued by me to the Sub Division Officers and Amildars in the District in the matter of ensuring progress in the work of Village Improvement in the District. The work will be much more rapid and tangible results will also soon be evident if all the Development Departments of Government are also directed to co-operate in a manner mentioned in the note with the Revenue Department in the work to be taken up in the selected villages and be made responsible for their portion of the work. In this way the work will be concentrated in select foci by all the Departments of Government and the results cannot but be satisfactory and far reaching in their influence on the other villages also.

--:oOo:--

DEPUTY COMMISSIONER,
BANGALORE DISTRICT.

C I R C U L A R.

With a view to ensure rapid progress in Village Improvement work in some villages atleast in each Taluk so that these may serve as object lessons to others in whom a spirit of emulation will then be aroused, it is necessary to make a selection, to start with, of about ~~1~~ a dozen villages in each Taluk and begin work there according to a pre-arranged programme. Fairly large villages should be selected admitting of easy approach from the Head Quarter of the Taluk and with a decent annual panchayet revenue. The work to be done can be considered under three heads:--

1. Funds.
2. A definite programme.
3. Agency.

Funds:--

(1) The arrears should all be collected. For this purpose, the Amildar should take action under Section 40(2) Village Panchayet Regulation, or under the Rules framed in Government Order No. ^{L 2888} ~~VP 21-34-19~~ dated 21-23 Oct 1935. The former course is preferable as involving no extra expenditure out of Panchayet Funds.

(2) Optional Taxes under Section 37 - Village Panchayet Regulation ^{if need be} should be considered, Assessment Lists revised according to rules &c., and Monday labour (communal) enforced.

(3) Private benefactions should be welcomed.

(4) Loans may be raised under the rules framed in Government Order No. ~~L 5770-V 40-31-5~~ dated 2/3 March 1933 and

(5) Contributions from Rural Reconstruction Grants will ordinarily be made only to these selected villages.

Programme:--

In framing programmes, Appendix 'A' may be consulted and a programme of improvement extending over a period of from 3 to 5 years may be framed so as to embrace as

as many of the items noted as possible. The village may also be got surveyed and a map prepared through the ~~Sanitary~~ Department.
Agency.

The Sub-Overseer in the Taluk for village panchayet works (to be entertained immediately if not already done) should be put in direct charge of all the works taken up in these villages. The Amildar and Sub Division Officer should visit these villages as often as possible. The co-operation of the various Departments of Government will be invoked as soon as the schemes of work for each Taluk are submitted by the Amildars concerned, the idea being, after obtaining approval of Government, to request each Department to frame its own programme for each village selected and have it worked out through its own Departmental Officers stationed at the Taluk or District Head Quarters ^{and in consultation} with the help, of course, of the Revenue Department. The object of the movement lies in the words of His Excellency the Governor of the United Provinces " in co-ordinating and making readily available to villagers the work of different Departments particularly Agriculture, Public Health and Education. The method is to get villagers to do things for themselves with a clear realisation of the advantages of the new activities and ideals. It is necessary to gain the confidence of the villagers and create, if possible, a corporate spirit of enterprise and co-operation."

Some amount of study of local conditions in the village is essential before the work referred to under the last heading in Appendix 'A' is tackled. Useful Data may be compiled and suggestions for improvement offered as regards each selected village by officers of the Co-operative, ^{and} Industries & Commerce Departments and Research students in Economics of the University.

3.

The value of the scouting movement in this scheme of improvement must not be overlooked and scout troops must be started in each selected village with the aid of the village officers and others who were trained for this work at the scouting camps at Doddballapur and Archakarhally and elsewhere. Another Training Camp is proposed to be held in the Bangalore Division shortly. I may here quote the words of the Dēwān when he performed the Opening Ceremony of the Mysore Boy Scouts Head Quarters Building at Bangalore : -

"Physical labour is here undertaken in the direction of road-making, agriculture, allotments, etc. Social education is carried on at the same time through conferences, discussions and camp-fire meetings. Coupled with these, friendship gatherings with local inhabitants are encouraged with a view to widening outlook and mutual good-will. Why shouldn't the Scout Movement in Mysore try and do similar work?"

It will be evident that it is of the greatest importance to create an active motive force to work in the villages themselves in sympathy with this programme of Village Uplift. Otherwise the forces will all be at work from without and with no responsive echo from within and the improvement work will not be based on sure foundations. It is therefore most necessary to depute one or two persons from each selected village to undergo training at the Rural Reconstruction Centre at Doddballapur with the aid of suitable scholarships from each Panchayet. These persons will then come back to the villages eager to put into practice the lessons which they have learnt at the Centre and will also explain to the villagers the various measures undertaken or to be undertaken for their improvement by Government Departments and will enlist their sympathy. The

The details for starting another Centre to train village officers and students in Rural Reconstruction work are being worked out. It is proposed to entrust the work of training to the various Departmental Officers and to make the Centre work in close association with the Rural Health Unit to be started soon at Clospet.

It may be mentioned that an attempt is already being made to put these ideas into practice in the Bangalore Taluk where seven villages have been selected. Similar carefully worked out schemes should be submitted by the Amildars of the other Taluks before the end of next month through the Sub Division Officers.

"Flying Flea" Madras Mail.
for Bangalore. 27-3-1936

The first "Flying Flea" to be made in India, largely out of Indian material, will soon make its first flight in Bangalore. Professor K. Ashton, of the Indian Institute of Science, Bangalore, who took the initiative in this venture, has secured new possibilities for aeronautical engineering in India and for civil aviation. He has personally tested Indian materials in the construction of the plane and utilised them as far as possible. The machine is specially designed for safety and easy handling by the amateur.

Date... **28th March 1936.**

WD 1710-GPB-2,000-29-4-35

Heading of article	Name of newspaper, date and page	Subject
Fire Accident in Koonabevu village, Chitaldrug taluk.	Tai Nadu. 27-3-36	"An Eye-witness" in the course of a letter to the editor of the paper reports a fire-accident in Koonabevu village, Chitaldrug Taluk as a result of which 8 houses of Karachars have been completely burnt causing heavy loss to them. Observes that the Government must render suitable relief to the affected persons whose position has become very miserable.
Protection to small industries.	Indian Express. 27-3-36	Understands that a memorandum on behalf of small industries has been submitted to the Government of India urging the Government to adopt a policy of protection to small and cottage industries and to encourage them by affording adequate financial assistance. The memorandum further states that the basis of allocation of grants to different Provinces should be two-fold, namely, the size of the rural population and the budgetary position of its Government.
40 Hours week Resolution passed in the Council of State.	-do-	In the Council of State on the 26th instant the resolution moved by Mr. Glow, Industries Secretary for non-ratification of the convention concerning reduction of hours of work to forty a week adopted by the Nineteenth session of International Labour Conference at Geneva was passed.

Hindu

26 27.3.36

A five-year-plan of Village Welfare has been launched by the Government of Bihar with funds from the Government of India grant for rural development. It is proposed to open four centres in selected places, one in each division of the province; for introducing and carrying out a programme of village welfare and rural reconstruction. Each centre will comprise a group of 5 to 10 villages conveniently situated. It will have a Welfare Officer, a guide or supervisor, an agricultural kamdar and a trained Dai. The welfare officer will be in charge of the whole work at the centre. The others will be subordinate to him and work under his direction. Ordinarily, village sanitation and public health, spread of primary education and agricultural improvement should be included in the programme of welfare work. But other items may be taken up as and when circumstances permit. For employment as Welfare Officer only such persons will be selected as are known to have a liking for the work and as will be prepared to live in the villages and work for and amongst villagers. Preference will be given to men with secondary or university education and if possible, with previous experience of village welfare work.

Government of his highness the Maharaja of Mysore.

GENERAL AND REVENUE DEPARTMENTS.

G. O. No. L. 8508-8567—V. P. 44-35-2, dated 9th May 1936.

Concentrated Propaganda for Rural Welfare.

Passes orders *re* — in the State.

ORDER NO. L. 8508-8567—V. P. 44-35-2, DATED BANGALORE,
THE 9TH MAY 1936.

The Village Panchayet Regulation is in force throughout the State and more than 11,000 panchayets have been constituted to administer local affairs in rural areas. In order to organise and bring into working order such a large number of local bodies, it has, as a rule, been necessary to follow extensive, rather than intensive, methods of propaganda. Nevertheless, the progress achieved has been substantial, nearly 30 per cent of the total number of panchayets having been registered as efficient. It is felt, however, that the time has arrived to adopt more intensive efforts in at least some selected villages of each district, so that these villages may eventually serve as examples of good panchayet administration which less advanced local bodies may be induced to follow.

2. At the same time, it is desirable that the development departments concerned with rural welfare should also concentrate on propaganda and demonstration work in the selected villages, so far as this can be done without prejudice to their normal activities. This will not only help the officers of these departments to aim at and achieve speedy and tangible results in definite areas, but will also enlarge the scope of the work of the panchayets which is now confined, in most cases, to measures of village sanitation.

3. Having these considerations in view, Government are pleased to issue the following instructions:—

(i) In each Revenue Sub-Division, about 8 or 10 villages should be selected for special attention by the officers of the revenue and other departments, *viz.*, Education, Health, Agriculture, Industries and Commerce and Co-operation.

(ii) Only those villages need be selected in which the panchayets possess an adequate income and are working fairly satisfactorily.

(iii) The items of work to be attempted should be settled in each case with reference to the needs of the locality, the facilities already existing therein and the funds available for the purpose. An illustrative list which may be adopted to local requirements is appended to this order.

4. The development of the selected villages will be a special responsibility of the Deputy Commissioner, subject to the instructions of the Revenue Commissioner and the Government, and the advice of the Heads of the Development Departments concerned.

5. In order to assist the Deputy Commissioners in this work, an Advisory Committee consisting of the Revenue Sub-Division Officer (as Organiser and Convener) and the local officers of the several development departments in the district may be constituted. The members of the Committee should arrange to tour the villages once a quarter, review the progress made and settle the lines of future work.

6. Not less than one half of the grant made to each district under "Assignments to the Village Panchayets" should be earmarked for the improvement of the selected villages.

No. L. 8508-8567—V. P. 44-35-2, DATED 9TH MAY 1936.

7. The Deputy Commissioners and the Heads of Departments should see that competent officials are posted to charges in which this scheme is proposed to be carried out.

8. The Deputy Commissioners will submit to Government, through the Revenue Commissioner, a report on the progress of the work done once every half-year.

M. VENKATANARANAPPA,
Secretary to Government,
Development Department.

To—The Revenue Commissioner in Mysore.

VP 44-35-2

Proceedings of the Government of H. H.

the Maharaja of Mysore.

Fair copy
 as reviewed by
 the II Member

Order No. R 8508-8567 K.P. 44-35-2

Dated, 9th May 1936

The Village Panchayet Regulation is in force throughout the State and more than 11,000 Panchayets have been constituted to administer local affairs in rural areas. In order to organise and bring into working order such a large number of local bodies, it has, as a rule, been necessary to follow extensive, rather than intensive, methods of propaganda. Nevertheless, the progress achieved has been substantial, nearly 30 per cent of the total number of Panchayets having been registered as efficient. It is felt, however, that the time has arrived, to adopt more intensive efforts in at least some selected villages of each district, so that these villages may eventually serve as examples of good panchayet administration which less advanced local bodies may be induced to follow.

At the same time, it is desirable that the development departments of ~~Government~~ concerned with rural welfare should also concentrate ^{on} propaganda and demonstration work in the selected villages, so far as this ^{can} ~~could~~ be done without prejudice to their normal activities. This will not only help the officers of these departments to aim at and achieve speedy and tangible results in definite areas, but will enlarge the scope of the work of ^{the Panchayets} ~~rural reconstruction~~ which is now confined, in most cases, to measures of village sanitation.

Having these considerations in view, Government are pleased to issue the following instructions:-

13/5

(1) In each Revenue Sub-Division, about 8 or 10 villages should be selected for special attention by the officers of the Revenue and other development departments; viz., Education, ~~Public~~ Health, Agriculture, Industries and Commerce and Co-operation.

(2) Only those villages need be selected in which the Panchayets possess an adequate income and are working fairly satisfactorily.

(3) The items of work to be attempted, should be settled in each case with reference to the needs of the locality, the facilities already existing therein and the funds available for the purpose - (~~Appended is an illustrative list of the activities that should normally find a place in the programme~~).

The development of the selected villages will be a special responsibility of the Deputy Commissioner, subject to the instructions of the Revenue Commissioner and the Government, and the advice of the heads of the development departments concerned.

In order to assist the Deputy Commissioners in this work, an advisory committee consisting of the Revenue Sub-Division Officer (as Organiser and Konvener) and the local officers of the several development departments in the district may be constituted. The members of the committee should arrange to tour the villages once a quarter, review the progress made and settle the lines of future work.

Not less than ^{one} half of the grant made to each district under [^] "assignments to the Village Panchayets" should be ear-marked for the improvement of the selected villages.

An illustrative list
which may be adapted to
local requirements is appended
to this order.

The Deputy Commissioners and the Heads of Departments should see that competent officials are posted to charges in which this scheme is proposed to be carried out.

The Deputy Commissioners will submit to Government, through the Revenue Commissioner, a report on the progress of the work done once every half-year.

Issue

Sir,

With reference to Government Order No. L.8508-85-67 - V.P.44-35-2 dated 9th May 1936 passing orders regarding concentrated propaganda for Rural Welfare, I have the honor to state that it is not clear - whether the Department of Horticulture has to share a portion of the work detailed in the annexure. In this connection, I have to point out that the work of Kitchen Gardens, the rearing of fruit and ornamental Avenue plants, the supply of sample seeds to the Kitchen Gardens, - Fruit plants for the back-yard gardens, and Ornamental Avenue plants for planting in the rural areas and the necessary advice for their - cultivation, are being entrusted to this Department. As it is the Horticultural work referred to in IV (c) of the Annexure, is entrusted to the Agricultural Department. If that is the case, this Department may kindly be intimated if this work is to be undertaken by the --- Agricultural Department.

I therefore request you to kindly make the work of this --- Department clear and suitable alteration made in the Annexure appended to the Government Order referred to above.

I have the honor to be

Sir

Your most obedient servant,

Ukksun Ky.

DEPUTY COMMISSIONER, MYSORE DISTRICT,
MYSORE.

To M. Venkatanaranappa, Esq., B.A.,
Secretary to the Government of Mysore,
Development Department, Bangalore.

REV. SECT
JULY 1936
L. B. S. J.

SIR,

Concentrated propaganda for Rural welfare
work in selected villages.

With reference to your letter No.L. 481-87 dated the
15th July 1936 calling for a report of action taken on the
Government Orders noted in the margin regarding the above,

G.O.No.L.8508-8567/V.P.44-35-2
dated the 9th May 1936 and
L.8988-9038/V.P.44-35-3
dated 27th May 1936.

I have the honour to state
that detailed instructions
were issued to all the Sub

Division Officers as to the lines on which they should take the
initiative and to suggest the names of a dozen Panchayets in
each Revenue Sub Division which have sufficient funds at their
credit and have been working fairly satisfactorily. Replies
have since been received from all the Sub Division Officers
except Nanjangud. On the 10th instant, I convened a meeting
of Sub Division Officers of Mysore and French Rocks who had
come here for other work, when I gave them instructions to
personally inspect the villages which have been provisionally
selected for propaganda work, and to submit constructive
programme of work in each village on the lines indicated
in the Government Order. On receipt of their further proposals,
I shall myself visit the villages in company with the President,
Mysore District Board, and Officers of other Departments and
chalk out a final programme for taking further needful action.

I have instructed the Sub Division Officers of Mandya
and Nanjangud to take action on the lines indicated above and
to submit their proposals without delay.

P.T.O.

I shall submit a further report to Government in due course.

I have the honour to be,

Sir,

Your most obedient servant,

V. S. S. S.

Deputy Commissioner, .

W. S. S.

Mysore District.

SIR,

With reference to your letter No.L.481-87 dated 15th July 1936, requesting me to intimate the action taken in the matter of concentrated propaganda for rural welfare work in selected villages of this District, I have the honor to state that statistics regarding the wants and needs of the selected villages and the funds available for undertaking such propaganda are being collected. Officers of other departments, who are to work out the scheme have also been addressed to furnish necessary information. This is necessary in order to understand the exact state of affairs. A detailed report will be submitted after holding a meeting of the Local Revenue and other Departmental Officers and deciding the lines on which development work should be undertaken in each of the selected villages.

I have the honor to be,
Sir,
Your most obedient servant,

T. Abdul Khadir

For 22/7/36

Letter No. VPC. 1959/35-36 dated 6th July 1936, from the Deputy Commissioner, Shimoga District, to the Revenue Commissioner in Mysore, Bangalore.

With reference to your Circular No. C. 5730/35-36 dated 17th June 1936, calling for a list of selected villages with a programme of important works proposed to be effected in each village according to the decision arrived at the meeting of Officers of the Revenue and other Departments by not later than 15th July 1936 etc., I have the honour to state that at the meeting of Officers held on 4-7-1936 22 villages (11 for each of the Sub Divisions of Shimoga and Sagar) as noted on the margin were selected for special improvement. This being the

Shimoga Sub Division. 11 villages.

<u>Shimoga Taluk.</u>	1 Nidige. 2 Gajanur. 3 Holehonnur.
<u>Channagiri "</u>	1 Lingadahalli. 2 Doddaghatta. 3 Thavarekere.
<u>Honnali Taluk.</u>	1 Chinikatte. 2 Soratur.
<u>Thirthahalli "</u>	1 Konandur. 2 Begavalli.
<u>Kumsi sub-taluk.</u>	1 Balekoppa.

Sagar Sub Division. 11 villages.

<u>Sagar Taluk.</u>	1 Keladi. 2 Thagarthi. 3 Bhimanakone.
<u>Sorab Taluk.</u>	1 Shakunavalli. 2 Ulavi. 3 Anavatti.
<u>Shikarpur Taluk.</u>	1 Belagavi. 2 Salur. 3 Kagenalli.
<u>Nagar Taluk.</u>	1 Nagar. 2 Arasalu.

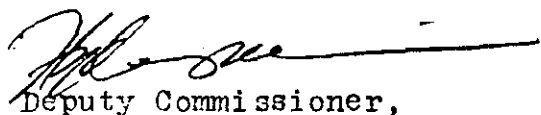

rainy season, it may not be possible to inspect all the villages selected at the meeting. However, a programme for the joint inspection of the villages has been drawn up and it may not be possible to finish the inspection work before the 25th of this month. After collecting necessary statistics, it is proposed

(2)

to have another meeting on the 30th instant to consider and work out the details for the programme proposed to be taken up on the lines indicated in the Government Order.

2. I request therefore, that the time limit may kindly be extended up to the 5th of next month by which time, the programme will be sent up.

REV. SEC.
23 JULY 1936
L. A. B. HANUM

To

M. Venkatanaranappa Esq., B.A.,

SECRETARY TO GOVERNMENT OF MYSORE,

Development Department,
Bangalore.

Sir,

Subject:-Concentrated Propaganda for Rural welfare in some
selected villages.

With reference to your letter No.L.481-87 dated 15th July 36 drawing my attention to Government Orders L.8508-8567/V.P.44-35-2 dated the 9th May 1936 and L.8988-9038-V.P.44-35-3 dated 27th May 1936, passing orders on the above subject and enquiring what action has been taken in the matter, I have the honour to state that - after obtaining proposals from the Sub Division Officers of Kolar and Chickballapur with regard to the villages that have to be selected in their respective Sub Divisions, I convened a meeting of all Amildars and Deputy Amildar, Gudibanda, the two Sub Division Officers and the marginally noted Officers of other Departments, with a view to draw up a definite programme of welfare work to be undertaken in selected villages in this District.

The meeting was held in my office room on Friday the 17th instant when all the above named officers were present. The President, District Board, Kolar also attended the meeting on invitation. 10 villages in Kolar Sub Division and 11 in (Chickballapur Sub Division (21 villages in all) were selected for the purposes of Demonstration work. A Programme, covering works relating to the several Departments referred to in the annexure to Government Order G.O.L.8508-8567-V.P.44-35-2 dated 9th May 1936, was drawn up for each village, having regard to the local condi-

tions

Programme of Rural welfare work to be effected in the 21
selected Villages in Kolar District.

<u>T a l u k.</u>	<u>Village.</u>	<u>Welfare works.</u>
1. Kolar	Vakkaleri	1. A good drinking water well with arrangements for pump and tank. 2. Completing the revetment work to the Gonda. 3. Improving the drains in 2 or 3 roads 4. Improving the general appearance of the Village.

In respect of the Yellow Ribbon it is alleged for direct charge of subject Miscellaneous the instructions contained above will be followed by them.

For Deputy Commissioner,
Kodur District.

MEMORANDUM FOR THE DIRECTOR, DISTRICT OFFICE, RAIPUR, CHHATTISGARH
 DISTRICT OFFICE, RAIPUR, CHHATTISGARH

JULY 1938

1. The Deputy Commissioner, Raipur District, (President)
2. The Executive Engineer, Raipur Division.
3. The Assistant Secretary of Agriculture.
4. The District Educational Officer, Raipur District.
5. The President, Raipur District Board.
6. The Assistant Secretary of Co-operative Societies.
7. The Sub-division Officer, Tankera.
8. The District Treasury Officer, Raipur.
- 9-14. All Villages and Deputy Magistrate, Raipur.

In accordance with the instructions contained in Government Order No. 1, 2503-2537/V-7, dated the 15th May 1938, regarding the execution of the following works to be carried out in all the 16 villages mentioned in the enclosed list:-

- (1) Removal of rank vegetation and lanterns as well as filling up of incineratory pits in the villages.
- (2) Fencing of houses by plastering and white washing.
- (3) Keeping the back yards free of human excreta.
- (4) Allocation of a land for dumping excreta outside the villages.
- (5) Repairing of old ponds and repairing the old ones as well as putting up drains for the proper flow of sewage water, etc.
- (6) The accounts of the village panchayat should be audited and brought up to a standard. All old arrears should be recovered. Meetings should be held at least once a month regularly and a copy of the proceedings sent to the Taluk Office.
- (7) Attention should be paid to see that these villages are provided with good supply of drinking water by repairing present facilities and by providing new wells wherever needed.

- (8) The Executive Engineer has kindly undertaken to give a Village Plan at a cost of Rs. 10/- for each village. This amount should be immediately placed at his disposal.

this proposed improvement should be marked in red ink on the proposed plan.

- (a) Weekly tidying up of villages by free labour in a manner in which the personal exertion of the labourer in inducing the people to turn up for work is necessary and should be carefully and very strictly observed. This work will be considered as a test of the efficiency of the Village concerned.

II. (a) In respect of increasing the number of school going children in the villages selected, the first thing that was considered essential at the meeting was to take a census of the children of the school going age between 7 and 12 years, which should be revised annually. The Village Panchayat Chairman and members of the Education Committee must exert their influence on the parents or guardians or children according to the list to be prepared who are not now going to school and to see that these children attend the school regularly. The Assistant or the District Commissioner as the case may be should see the progress every week in this connection.

- (b) A night school should be opened in ~~xxxxxxx~~ each of these villages at night time and the classes may be arranged to be held at the Village Panchayat office or the school building or in temple if there is no objection. An allowance of Rs. 10/- at least should be paid from the village Panchayat fund to the teacher and the expense of providing the light should also be borne by the Village Panchayat.

- (c) The District Educational Officer has kindly promised to arrange teachers who are trained in collecting the selected villages so that he may organize about movement amongst the youngsters who attend the schools.

III. (a) A list of children who are not protected by vaccination will be prepared by the latter who will be helped in this work by the Village Panchayat members. The President, District Board, has kindly consented to direct the District Inspector to regularly visit these villages once a month. Non-protected children should be vaccinated or re-vaccinated as the case may be. The villages should be visited once a month regularly and the progress should be recorded in the meeting of the Village Panchayat for the month.

- (b) Internity Homes are to be started in the selected villages as far as possible. The children in the village should be induced to provide building for the purpose. The existing facilities in the village concerning should also be carefully looked into with a view to see whether any of the buildings belong either to the Village Panchayat or other local bodies could not be utilized for this purpose with slight alterations. In case of internity homes are started, a third of the cost of least towards the pay of the teacher should be met by contributions not only from the selected Village Panchayats, but also from other Village Panchayats situated within five miles radius. This depends entirely on the influence that the children commands in the villages concerned.

- (c) Distribution of quinine. :-

The President, District Board, has kindly undertaken to supply quinine pills free to the selected Village Panchayats, but as this will not be quite sufficient for the need the Village Panchayats concerned may supplement it by purchasing quinine pills at a cost not exceeding 10/- per

IV. (a) It was decided at the meeting that the Assistant Director of Agriculture should make the Villages Panchayats concerned as his sub-agencies for stocking good seed strains of improved ploughs and he has also undertaken to give demonstrations every now and then in the Villages concerned. The Villages Panchayats thereafter should sell the seed (rain or the implements to intending buyers on such days as would be directed by them. But immediately the sale is effected, the Panchayats concerned should pay the full cost of it from their funds to the Agricultural Department and recover the money thereafter on terms agreed to by them and the purchaser concerned.

(b) The Assistant Director of Agriculture has promised to advise each Rural Industry in suited to each village. Receipt of his opinion further action will have to be.

(c) The ryots in each village should be induced and encouraged to have kitchen garden and fruit plants in the back yard of his house and for this purpose, the Villages Panchayats should purchase seeds as well as fruit seedlings and distribute them free to the persons who agree to rear these plants in their backyards.

(d) Each of these selected Villages should have a breeding bull. The District Board President has promised to give some contribution towards its purchase and has undertaken to place this matter before the Board for their sanction. In the meanwhile, each of the Panchayats who have substantial saving at their credit may purchase the bull anticipatory at their cost. The price of the Hi bull is now reduced to Rs. 100/-.

(e) At least five acres block of good land in each village may be selected for growing fodder crop which may be stocked in silos etc. under the direct supervision of the officers of the Agricultural Department. This may be sold during summer months to the ryots and the proceeds credited to Villages Panchayat funds. The Assistant Director of Agriculture has kindly undertaken to send his Departmental men to give necessary instructions in the matter.

(f) As Handicrafts is not possible in any of the taluqs except Amur, it was resolved that the Builders should investigate the possibility of starting weaving, soap-making or making ear-battis as Cottage Industries. On receipt of their reports, the Director of Industries and Commerce will be addressed to kindly depute a man for teaching the respective industries in the Villages concerned.

VI.

It was resolved that the Assistant Registrar of Co-operative Societies who was not present at the meeting should be requested to visit each of these selected villages and start Rural Co-operative Societies in each place. The Builders will co-operate with him and help him in starting Societies and to supervise their satisfactory working thereafter.

Abdul Aziz Khan, Esquire, B.A.,
~~XXXXXX~~
Deputy Commissioner, Hassan District.

To

M. Venkatanaranappa, Esquire, B.A.,
Development Secretary to Government,
Bangalore.

SIR,

In continuation of my letter No.C. 3150-35 dated 22-7-1936 re: the action taken on Government Order No.L. 8508-8567/V.P.44-35-2 dated 9-5-1936, about concentrated propaganda for Rural Welfare, I have the honour to enclose herein for kind information, a copy of the proceedings of the meeting of the Officers of the Revenue and other Departments, held at Hassan on 29-7-1936 and to state as follows:-

2. As far as possible, fairly big, road side villages have been selected for concentrated propaganda. The Amildars who were present at the meeting stated that the Village Panchayets constituted for these villages were working satisfactorily and that in a majority of cases the Village Panchayets had sufficient funds at their credit to take up the improvement works. I have sent copies of proceedings of the meeting to the Sub Division Officers, Amildars and the Deputy Amildar as also the officers of the other Departments and requested them to take further action in the matter. A statement showing the programme of improvement works proposed to be undertaken in each village, so far it concerns the Revenue Department will follow.

I have the honour to be;

Sir,

Your most obedient servant,

Alleg
Deputy Assistant Commissioner
For Deputy Commissioner,
Hassan District.

M. Venkatanaranappa, Esq., B.A.,
Secretary to Government of Mysore,
Development Department, Bangalore.

OFFICE OF THE
SECOND MEMBER OF COUNCIL.
11 AUG. 1936
No. 1028

SIR, *new*

13/8/36 *12/8/36* *13/8/36*

Adverting to Government Order No. L 8508-8567/V.P.44-35-2 dated 9th May 1936 passing orders regarding the concentrated propaganda for rural welfare in the State and with reference to the Revenue Commissioner's Circular No. C 5730/35-36 dated 17th June 1936 calling for a report of action taken in the matter, I have the honor to state that a Preliminary meeting of the Officers of the various Departments in the District was held on the 5th instant, to draw up a programme of work to be undertaken in this District.

2. The following Officers were present at the meeting.

1. The Deputy Commissioner, Tumkur District,
2. The President, District Board, Tumkur,
3. The Three Revenue Sub Division Officers,
4. The District Medical Officer, Tumkur,
5. The District Educational Officer, Tumkur,
6. The Assistant Director of Agriculture, Tumkur,
7. The Assistant Superintendent, Civil Veterinary Department,
8. The Assistant Registrar of Co-operative Societies, Tumkur,

Four villages in the Tumkur Sub Division, 12 villages in the Cubbi Sub Division, which consists of as many as 4 Taluks and 1 Sub Taluk, and 10 villages in Madhuriri Sub Division - in all 26 villages, - were selected. A Talukwar list of these villages is enclosed for kind perusal.

3. I enclose herewith separate lists, each of which contains the statistics showing the present state of affairs in each of the villages, which have been taken up for development work under agriculture, Veterinary and Education activities and improvement of

Village Panchayets. The needs of these villages were fully discussed at the meeting and the lines on which progress has to be made are indicated. Although villages, which ^{have} sufficient sum of money at their credit in the Village Panchayets, have been chosen for this development work, still it seems to be necessary that there should be generous grants ~~from~~ from the Government so that tangible improvement may be achieved during the course of the year. The exact sum needed for this year will be intimated after the demands of the various departmental officers have been scrutinised at the next meeting.

4. In the case of a few villages, the necessary statistics were not available. These have been arranged to be supplied. As soon as the particulars relating to the various Departments for these villages are received, a programme of regular work will be chalked out and action taken to work out the scheme successfully and progress reports will be submitted as required in the Government order.

5. I also intend meeting the Amildars of the three Sub Divisions in a central place in each Sub Division during the course of this month and issue needful instructions in carrying out various improvements to be taken up in each village.

I have the honor to be,
Sir,
Your most obedient servant,

Muskhani
Deputy Commissioner,
Tumkur District.
